\$100,000 Off Street Parking Bond Up For Adoption This Evening

With Chamber of Commerce members out in full force this evening in support of the proposed off street parking lot at the corner of Foster and Lowell street, the \$100,000 bond order introduced by Mayor O'Donnell for the purpose of acquiring land for the project will be up for action on adoption.

The supporters of the proposition feel that the votes will be there tonight in favor of the bond order, although some of the councilors reserved the right, when voting to advertise the bond, to change their minds when it came up for adoption.

The chief arguments that have been raised against the project are 1) that it might prove too costly, and 2) that the present parking facilities are not 100% used by shoppers.

Advocates of the plan claim that sensible foresight now will pay off later. They point to other communities that have been faced with similar problems that now face Peabody, and how these communities have met shopping center

competition by keeping a step ahead on parking facilities and improved stores.

Other business on tonight's agenda appears to be light. Commissioner Frank McCarthy will answer Councilor Kuwa's idea on narrowing the sidewalk by the South church on the Central street side by saying that the electric light, police and shade tree departments should be consulted, and the opinion of the South church people sought.

The Eastman Gelatine Corp. has a communication on the construction of a dam at Flume Pond. Hanity Bros. are requesting permission to store 1,000 gallons of gasoline underground at 515 Lowell street; Ellis Motor Car Co. wishes to transfer location of Class II Motor Vehicle license from 35 to 43 Foster street; Edwin and Naoma Stanley request permission to place a trailer on their property at 631 Lowell street; and William P. Gromko asks to purchase strip of city-owned land at junction of Longview Way and Spring Pond road for \$50.

Thursday, Friday and Saturday, July 24, 25 and 26 have been selected as the dates for the three-day bargain event.

Rep. Murphy Not A Candidate For Re-election

REP. JOHN E. MURPHY

As intimated in last week's Times, Rep. John E. Murphy, who has served Peabody as its representative in the General Court longer than any other person than John A. Jones, who has a similar twelve-year record in the legislature, is announcing today his decision not to be a candidate for re-election.

His letter:
To the Editor of the Peabody Times

Dear Sir:
An impending appointment to the office of Special Justice of the District Court of Peabody before the fall term commences early in September, combined with a long-felt personal desire to be able to spend more time with my family, have moved me to decide not to be a candidate for re-election to the office of Representative from the 10th Essex District.

In making this announcement, I want to express my sincere appreciation to the people of Peabody and Salem for having afforded me the honor of serving them for several terms at the State House, and to acknowledge a very great debt of gratitude which I owe to my friends, and in turn to their friends, for their active support of my candidacy for public office over the years. These friendships I will always cherish.

John E. Murphy
Representative
10th Essex District

Determined to see that the situation as it existed in the City of Peabody was corrected, Mayor O'Donnell yesterday dismissed the committee on the matter of the removal of the old city hall building, which was adopted by the City Council on July 1, 1957, and has today advised the Mayor that the committee has decided to re-adopt the bid for the new building.

Mayor O'Donnell gave the following statement to the Times yesterday:

"My position and the City Council's position on the matter of the removal of the old city hall building, which was adopted by the City Council on July 1, 1957, and has today advised the Mayor that the committee has decided to re-adopt the bid for the new building.

"On both occasions I stated the opinion that the removal of the old city hall building, which was adopted by the City Council on July 1, 1957, and has today advised the Mayor that the committee has decided to re-adopt the bid for the new building.
